**Oldest Brick House In Kentucky.**

A Scott county woman, who recently visited Crab Orchard Springs, sends in the following:

Situated on a prominence in Lincoln county, with Muldoe Mountains in the distance, is said to be the oldest brick house in Kentucky, having been built between the years 1783 and 1790 by Col. William Whitley, the grandfather of Mrs. Mary Moore, of Georgetown. In the front room, then known as the "big" room, Col. Whitley met with and entertained the Indians when making a treaty with them regarding the capture of white women and children. In this same room on the high mantle are 13 stars, representing the 13 States then in the Union, Kentucky at that time being a portion of Virginia. The wood-work is all hand-carved and on the stairway is carved at each step an eagle with an olive branch in its mouth. The attic, quite a low structure, was the ballroom and from the small windows at each end, it is told, the whites fired on the Indians when with hostile intentions they were around the premises.

The brick of which the house was built were burned near by and in diamond shape are placed glazed brick to add to the quaintness of the structure. It is said a farm was paid for the brick and quite a number of barrels of whisky was given to build the house. The chimney in one room is 12 feet wide, the walls of the house being two feet thick. The doors are two-ply with metal between to insure safety from the enemy.

The farm contains 130 acres, now owned by Mrs. Sallie Pennington, who takes pleasure in showing strangers through the entire house and gives them in her affable way what information she can about her quaint and much loved home.—Georgetown Times.

**THE \$5,000 HANDICAPS AT LEXINGTON.**—A novelty in racing which should draw the largest crowds ever seen on the Lexington track will be the two rich handicaps, worth \$5,000 each, to be raced the second week of Kentucky's Great Trotts of Oct. 5-16. The Blue Grass Handicap for pacers is set for Tuesday, Oct. 12. The distance is a mile and a half, and 2:10 and slower pacers will start at the mile and half post, while the faster pacers will start from 53 feet to 500 feet behind the wire in accordance with their different records and speed. Among the starters will be Hedgewood Boy 2:02½, Lady Maud C. 2:03½, Major Mallow 2:05½, Brenda York 2:04½, Baron Whips 2:05½, Major Brino 2:05½, etc. The October Prize, \$5,000, for trotters is on the same conditions, and will make a sensation. Among the starters will be the great Ulian 2:03½, Jack Leyburn 2:04½, Sanoma Girl 2:05½, Margaret O. 2:05½, Sterling McKinney 2:06½, San Francisco 2:07½, Lady Jones 2:07½, and other stars.

After carrying mail over an eight-mile route since 1881 for the salary of one cent a year, the carrier between Dodgeville and Mineral Point, Ill., has lost his job. It was not from any neglect of duty that this employee of the Government was severed from the pay roll. Neither is there any evidence that he was unwilling to continue longer the duties of his position, for he worked as long as his penny a year was forthcoming. The Government is retrenching.

**BARGAIN.**—354 acres of good land, of which 100 acres is bottom land, eight-room dwelling, two good stock barns, new tobacco barn, 36x96, ice house, buggy house, two corn cribs, etc., two good cisterns, the whole farm being well watered, well fenced and lays well. Will sell as a whole or cut 200 acres with improvements, to suit purchaser, which includes 100 acres as fine bottom land as there is in the country. This is a bargain. See L. R. Hughes, Stanford, Ky.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. Penny's Drug Store.

Leon Yandell, who was killed at a railroad construction camp, near Lexington, by a vicious Negro, was related to the notable Kentucky family by that name. Yandell was the victim of a plot by desperate blacks working under him.

The INTERIOR JOURNAL advises Judge Parker and others if his ilk to emulate the example of Judas Iscariot, and go and hang himself. We object. We want to preserve the judge especially as an awful example.—Lexington Gazette.

Breathe Hyomeol and cure catarrh. No stomach dosing. Complete outfit including inhaler \$1. Guaranteed by G. L. Penny, Druggist.

## IN NEIGHBORING COUNTIES.

Burley Robinson, who assassinated Al McRoberts in Boyle, was held without bail.

Ed Clutz, of Pittsburg, was killed by falling slate in the Ida May coal mines near Beattyville.

Ty Cobb, the base ball player, will visit his old friend, Charles Crawford, in Danville, this week.

The barn belonging to John McKee, near Somerset, burned and two valuable mules were cremated.

John B. Gilmore, an ex-Union soldier, is dead at Somerset. His wife died only a few months ago.

Arnold Simmons, of Richmond, a midshipman at the Naval Academy, Annapolis, will be dropped from the rolls on account of deficiency.

The store-room of J. P. Kelsay, the Somerset druggist, was broken into Saturday night and about \$25 worth of morphine, cocaine and other "dopes" taken.

E. H. Ould and R. N. Price are preparing to erect a handsome hotel at Cumberland Gap. That historic place will be turned into a summer and health resort.

A dispatch from Williamsburg says that a gun exploded in the hands of a young man near there and that the load struck two of his younger brothers, seriously wounding them.

Parie Parker, a Rockcastle county strumpet, threw her seven-months-old child in a corn field and skipped out. The child has been placed in a good family but the unnatural mother has not been located.

During a hard thunder storm Sunday a dispatch from Williamsburg says that a gun exploded in the hands of a young man near there and that the load struck two of his younger brothers, seriously wounding them.

Mrs. Lucy Alexander, widow of H. A. Alexander, died suddenly at her home near Versailles, of angina pectoris. She was beloved throughout Woodford county for her philanthropic work. Her latest gift was \$15,000 to the Versailles hospital.

The Kentucky Coal Mining Co., which had operated near Owensboro, has gone to the wall, with the approximate indebtedness above assets of \$200,000. Besides many Kentuckians, capitalists of Cincinnati and Dayton are stockholders in the company.

Mrs. Ruth Bryan Leavitt, daughter of William Jennings Bryan, has turned down a princely offer to go on the lecture platform. She will go to Germany to educate her children. On her foreign journey she will accompany her parents as far as Cuba.

W. F. Sheridan, known and liked by everybody here, was married at Eagle Pass, Texas, to Miss Lottie Lockett Lifton, a charming young woman of that place. They are now at home to their friends at the Galt House, Louisville.

Some time this week there will be made public, it is expected, a statement by Commander Peary concerning the claim of Dr. Cook to having discovered the North Pole. It is quite likely also that during the present week Commander Peary will forward to the Coast and Geodetic Survey at Washington his original tidal records and profile of his soundings from Cape Columbia to the pole. Dr. Cook will continue his lecture engagement but will probably find time to make some reply when the Peary statement appears in the press.

## Frightful Fate Averted.

"I would have been a cripple for life, from a terrible cut on my knee cap," writes Frank Disbury, Kelliher, Minn., "without Bucklin's Arnica Salve, which soon cured me." Infaltable for wounds, cuts and bruises, it soon cures burns, scalds, old sores, boils, skin eruptions. World's best for piles. 25c at Penny's Drug Store.

## Why We Stay Single.

It's "Hubby, put the cat out." And it's "Dearie, fix the range." It's "Have you wound the clock, love?" And it's "Have you any change?" It's "Hook me up the back, pet." And "Lock the cellar door."

And it's "Do be careful not to drop Cigar-ashes on the floor." So let the bumper circulate, And quaff a mournful glass To the humble benedict. Alas, alas!

## William Randolph Hearst has announced that he would accept an independent nomination for Mayor of New York provided his associates be substantially Republican-Fusion nominees as already selected.

JOE MAGEE

Is a candidate for Police Judge of Crab Orchard, subject to the action of the democratic party and asks your support.

The campaign which will decide by election on November 29 whether or not the amendment to the Constitution of Alabama shall include a provision forever prohibiting the sale of intoxicating liquors in that State has already developed into the bitterest political fight which has been witnessed in that State or in the South for a generation. The forces have been lined up on both sides by the thousands and hardly anything else is heard in the State as a topic of general conversation. Alabama is stirred from center to circumference in this fight. The liquor interests, including the distilleries and brewers outside of Alabama as well as the wholesale trade and what little retail trade there remains in the State, are making their last desperate stand for a foothold in Alabama and it is a fight to a finish. Already meetings are being held in every section of the State and speakers of ability are giving their time to the stump on one side or the other. The result will be watched with interest.

Less than 20 days remain until the election. Good democrats should put in all the time possible in their effort to elect the magnificent ticket which appears at the top of this page. This is a democratic county and while we are not uneasy as to the result of the election we are desirous of making the majority as large as possible. If you have a friend or neighbor who thinks he has a grievance, talk to him and use your influence in keeping his democratic record clean. Impress upon him the fact that the democrats have proven their ability of taking care of the county affairs and are more competent than their republican brothers, who desire to fill the offices for the next four years.

Under the operation of the new tariff law there was an increase of 100 per cent. in the value of imports into the United States from the Philippine Islands during last August compared with the imports in the same month of the previous year. The total value of merchandise from the Philippines in August, 1909, was \$1,811,138, against \$814,510 in August, 1908.

The foot ball season is yet in its incipiency, but three players have been killed. This promises to be the richest season for the undertakers since the foolish game of foot ball was originated.

AND Judge Watty Parker's name will go under the log cabin for circuit judge of Fayette. His love for office is sickening.

### POLITICAL.

F. B. Lindle, who was defeated for county clerk in the republican primary in Pulaski, charges that no legal primary has been held and announces that he is still a candidate.

C. R. Crane may never go to Pekin as Minister. He was recalled to Washington while en route to China because he is accused of committing a breach of diplomatic etiquette in discussing treaty matters in a Chicago newspaper. His recent speeches are also deemed unwise from a diplomatic standpoint.

Senator Lindsay, who has been so ill, is thought to be improving.

James S. McCready, former mayor of Indianapolis, is dead, aged 93.

The itinerary of President Taft will be made especially notable this week by his meeting with President Diaz of Mexico on the border line of the two republics. The President's party will arrive at El Paso, the meeting point, on Saturday and elaborate preparations have been made for ceremonies consistent with the international character of the occasion.

Gov. Wilson has requested Judge Alex P. Humphrey, Col. Andrew Cowan, of Louisville; O. H. Waddle, Somerset; T. L. Edelen, Frankfort; John R. Allen, Lexington; John F. Hager, Ashland; L. J. Crawford, Newport; Jere Sullivan, Richmond, and C. U. McElroy, Bowling Green, to act as a commission to prepare a redistricting bill to be submitted to the next Legislature. Judge Humphrey is named as chairman.

William Randolph Hearst has decided to head the Republican-Fusion ticket for mayor of New York, and will be officially nominated Monday. Hearst's friends predict he stands ready to make another whirlwind campaign, such as he made in 1905, and was only defeated by a small plurality. Charles F. Murphy, Tammany leader, branded the entrance of Hearst into the mayoralty contest as a "deal." Judge Gaynor, the democratic nominee, declined to accept any campaign contributions and declared he was willing to stand on his record of life work for good government.

### Rheumatism

I have found a tried and tested cure for Rheumatism. Not a remedy that will straighten the distorted limb or remove stiffness, but a remedy that will break the flesh from the bone. This is impossible, but I can now surely kill the pains and pang of this deplorable disease.

In Germany—a chemist in the City of Darmstadt—found the best ingredient was made with white rhubarb. Rhubarb Remedy was made with perfect, dependable prescription. Without that last ingredient, I successfully treated many, many cases of Rheumatism; but now, as last summer, I found a cure at curable rates. Rhubarb-like granular waste found in Rheumatic blood, seem to dissolve and pass away under the action of this remedy as freely as does sugar when added to pure water. And then, when dissolved, the cause of the disease disappears. The real cause of Rheumatism is gone forever. There is now no real need—an actual excuse to suffer longer without help. We sell, and in confidence recommend
